Know Your Board

Tim Baker is a 1988 Pacific High School graduate who attended ECC and graduated with an associate's degree. Tim then went on to Missouri Southern State College where he graduated in 1994 with a BS in Speech Communication.

He's a second generation "iceman" who helped run Baker's Ice for 15 years before it was sold. Since selling the business, Tim has ran for public office and is now trying his hand at a Franklin County race. He has high hopes of being able to service our community more.

Tim has been on the Pacific Area Chamber of Commerce Board since 1999 and has been in his current position, as President of the Chamber Board, five times over the years. He is also been involved with United Way, Tri County Senior Center, and all kinds of School activities.

Tim will have been married to his wife, Debbie, for 20 years this October. They have four daughters who keep him busy supporting various activities.

Calling All Members...

The Pacific Area Chamber of Commerce is asking for volunteers from our members to help develop a Strategic Plan for the Chamber.

The Board is looking to develop a 3-5 year Strategic Plan. This plan is to guide us in better serving our members, help develop programs to better our Chamber and Community, and also help us get back to our root Mission Statement.

- Promote the community
- Be a voice for business
- Encourage economic growth of new and existing businesses

This is our foundation! If you have any ideas on what you would like to see the Chamber accomplish over the next several years or feel strongly about a direction we should be heading in, please let us know!

They Do What!?!

This week's spotlight is on... **International Marketing Group, Inc.**

Location: 13 Industrial Drive, Pacific, MO 63069

Contact Info: 800-639-1090

Website: <http://www.intmar.com/>

Facts: International Marketing Group, Inc. (IMG) was founded in 1983 as a strategic solution provider based in St. Louis, MO. As of 2007, IMG's operations are based out of Pacific, MO when the company expanded into a new distribution center to meet the ever-increasing demand of our clientele.

While our business has changed over the years, our philosophy has stayed the same. We have remained sensitive to the needs of the end-user customer experience, regardless of the product or retailer we are working with. That has been, and always will be, our main focus. Furthermore, IMG has the outlook and the means to meet the needs of these customers in the form of great customer service, while still remaining an invisible partner.

Tiffany's Account: One smart cookie!!

Have you ever been flipping through the channels and stop on an infomercial that sucked you in and made you want to buy? Do your kids ever drag you in front of the TV bouncing with excitement over something or other being sold on their favorite channel? Have you ever ordered from a catalog and discovered that the product was exactly what you thought it would be? Good quality and customer service that brings you back ordering more from a source that you know you can trust. If you answered yes to any one of these, then you have the concept of what the International Marketing Group (IMG) does.

Georgia Henderson was nice enough to sit down and talk to me on behalf of IMG. I have to say, I couldn't have been more impressed with her or her company. Georgia is a very smart, business savvy woman who has some great ideas and was very helpful to me in my new position here at the Chamber.

The IMG warehouse located in the Daily Industrial Park is full of brand name, high quality merchandise that is sold by very clever marketing and sent to households all around the country. This marketing includes television, catalogs, and much more! IMG is a leader in staying on top of a fast paced market and trending industry while maintaining great customer service.

Mission Statement:

The Pacific Area Chamber of Commerce is a partnership with businesses, government and the community whose mission is to:

- Promote the community
- Be a voice for business
- Encourage economic growth of new and existing businesses
